

Flexco REAL-TIME CONCEPT

REAL-TIME COLLABORATION

Docility™ is a tool that in real-time analyzes information as entered, you can during the meeting align on strategic scopes, problem solving, and results and report are generated automatically. Docility™ helps you understand employee engagement and enables you to take immediate action in real time.

A LEAPFROG PROGRESS

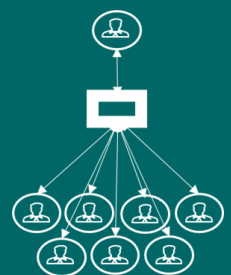

- Engage unlimited people in real-time
- A stronger focus on strategic aims.
- Simplify assessment, protocol or check list
- Control over back logs
- Blueprint creates more value with an easy interface and gains insight into suppliers, vendors and partners

WHAT MORE DO YOU GET OUT OF IT?

- Easily connect with new suppliers, vendors, and partners.
- Easy interface allows you to act and adjust while saving time
- Ensure that the right topics and issues are addressed
